Newcomers Create New Possibilities. So do Professional Engineers.

Professional Engineers Ontario (PEO) is proud that among Ontario's 66,000 professional engineers are individuals from around the world, whose distinctive perspectives help to enrich the lives of us all.

PEO licenses professional engineers in all fields of engineering, and sets standards for and regulates engineering in the province. It is mandated under the *Professional Engineers Act* to serve and protect the public interest where engineering is concerned.

For information on licensing requirements—including the Provisional Licence for newcomers gaining Canadian experience—and standards of professional practice, visit our website at www.peo.on.ca, or call us at (416) 224-1100 or 1 (800) 339-3716.

Professional Engineers
Ontario

...regulating the profession
...serving the public

AREC is committed to enhancing the reputation and standing of the engineers of Romanian origin in Canada.

Together We Are Stronger!
To Your 2011 Success!

Our mission and objectives are:

- To promote the common interests of Romanian engineers in Canada
- To promote fellowship including recreational and social activities among members and other associations
- To assist individuals of Romanian background who want to become Professional Engineers in Ontario
- To encourage experienced professionals to act as mentors to new immigrants and to assist in enhancing their educational and personal development

www.AREC.ca
