# This is Your AREC. Get Involved!

Dear Members and Friends of AREC,

On behalf of our executive committee, I would like to extend our warmest thanks for your support that made our Association a great success during the last years. AREC has more than 300 paying members, successfully opened the first chapter in South Ontario and growing daily.

I would also like to take this opportunity to thank our executives, past executives and our members and supporters, for all the great efforts they put in. Especially mentioning: Mr. George Oprea, P.Eng., the Past President, for taking AREC through a successful course to where we are today and Mr. Corneliu Chisu, P.Eng., founder member of AREC who is always ready to help and support our association.

When people ask me why I dedicate my time to AREC on the first place... there are three reasons:

1. Because of the People
2. Because of the People... and
3. Because of the People

And I am very serious about this!

Any organization is just as good as its people. Over the years I have been meeting numerous Romanian engineers through AREC, a great „brain" treasure, with different professional backgrounds, working in different hierarchic levels, and with different interests.

But all of them have one thing in common: **They are very fine people!**

Over the years, the number of the active supporters increased, and we were able to open a chapter in Kitchener-Waterloo-Cambridge area, AREC-SOC. This was possible only with the help received from a local group of enthusiastic engineers.

Our new Executive Team elected for the 2011/2012 mandate is ready to serve your needs by putting together programs for educational and networking purposes. We do have vigorous and sometimes uncommon dreams, but we always have a clear vision of where we want to take our Association in the future to come.

So, what is this message for?

**To THANK YOU for making it happen!**

**To THANK YOU for your effort and your support to move AREC forward!**

**To THANK our sponsors for their generous support!**

Please continue to support us by attending our events and becoming members. Feel free to contact me or any of our executives and let us know what you would like us to improve.

Thank you!

Daniel Cheoreanu,

President of AREC

**Together We Are Stronger!**

***"The image of a country, of a nation or community is always given by its expertise. I believe that top professional achievements, competitive specialists and solid expertise means good national reputation! That's why I would like to congratulate once again the Association of Romanian Engineers in Canada for being an excellent agent of Romanian modern culture and also a reliable partner of the Consulate General of Romania in Toronto in its endeavour to promote the interests and image of the local Romanian community" - Dr. Valentin Naumescu, Minister-Counselor - Consul General of Romania in Toronto***

***"Ca orice asociatie profesionala, AREC ofera o platforma de discutii, intalniri si conexiuni intre membrii ei. Am participat la cele mai multe dintre sesiunile si prezentarile oferite, precum si la evenimentele sociale organizate sub egida ei si pot sa spun ca ceea ce ma atrage sunt urmatoarele:***

- caracterul oamenilor care sunt implicati in organizare***
- seriozitatea cu care sunt tratate evenimentele asociatiei***
- interesul pe care-l manifesta participantii***
- calitatea prezentarilor si utilitatea informatiilor***
- faptul ca organizatia isi mentine orientarea apolitica si este consecventa cu mandatul initial***
- respectul pe care asociatia l-a castigat in randul oficialitatilor locale si reprezentantii Consulatului Romanesc***
- dorinta de a contribui societatii in care traim si fidelitatea fata de mediul profesional in care ne desfasuram activitatea***
- generozitatea oamenilor care isi dedica o parte din timpul lor in folosul comunitatii***
- sentimentul sincer de apartenenta la un grup profesional cu care ma identific si pe care-l reprezint cu mandrie***
- nevoia de comunicare si dorinta de a mentine contactul cu oameni avand aspiratii si preocupari asemanatoare***
- gandul ca suntem interdependenti si ca legaturile stranse ne confera incredere si optimism." - Dorin Radu, Corporate Managing Director, Nelson Industrial Inc.***

## Newcomers Create New Possibilities. So do Professional Engineers.

Professional Engineers Ontario (PEO) is proud that among Ontario's 66,000 professional engineers are individuals from around the world, whose distinctive perspectives help to enrich the lives of us all.

PEO licenses professional engineers in all fields of engineering, and sets standards for and regulates engineering in the province. It is mandated under the *Professional Engineers Act* to serve and protect the public interest where engineering is concerned.

For information on licensing requirements—including the Provisional Licence for newcomers gaining Canadian experience—and standards of professional practice, visit our website at [www.peo.on.ca](http://www.peo.on.ca), or call us at (416) 224-1100 or 1 (800) 339-3716.
